

Amazing Grace Was Just A Song

Amazing Grace How Sweet The Song was just another song
Someone wrote it years ago, I'd heard it for so long
But I would never realize just what it had to say
'Til Jesus came into my heart when I knelt down to pray

Amazing Grace was just a song until it happened to me
I never knew the meaning of salvation full and free
I once was lost, but now I'm found, I was blind but now I see
Amazing Grace was just a song until it happened to me

I know it took a miracle to wash away my sin
But when it happened there's no doubt I was BORN AGAIN
I'd love to tell the world what GOD'S Amazing Grace can do
HE Saved a wretch like me and HE will do the same for you

Amazing Grace was just a song until it happened to me
I never knew the meaning of salvation full and free
I once was lost, but now I'm found, I was blind but now I see
Amazing Grace was just a song until it happened to me

Amazing Grace How Sweet The Sound
Amazing Grace was just a song until it happened to me
