

Go In Jesus Name

The walls did not fall 'til Joshua had marched
And the rain didn't start 'til Noah built the ark
Old Naaman was not cleansed, until the seventh dip
The Lord is waiting on you, while you've been waiting on Him

Arise, get up, go in Jesus name
Arise, get up, go in Jesus name
Put legs on your prayers, wheels on your faith
You'll never be the same, 'til you go in Jesus name

Look a little closer at Naamans miracle bath
Still sick and dying as he walked the dusty path
Stepping in the Jordan, no change could he feel
So what if he had just sat down he'd never gotten healed

Arise, get up, go in Jesus name
Arise, get up, go in Jesus name
Put legs on your prayers, wheels on your faith
You'll never be the same, 'til you go in Jesus name

You may be sittin' on the edge of despair
You've given-up cause now it seams He doesn't hear your prayers
But He's already done everything He'd said He'd do
Can you hear His voice, make no mistake He's talkin' to you

Arise, get up, go in Jesus name
Arise, get up, go in Jesus name
Put legs on your prayers, wheels on your faith
You'll never be the same, 'til you / go in Jesus name
